VIRGINIA CITIES LASHED BY STORM

Millions of Dollars Damages Reported on the Coast

OCEAN VIEW SUFFERS

Richmond, Norfolk and Newport News Pass Through Thrilling Experiences Wrought by Tempest.

From New York to Virginia the Atlantic seaboard was lashed last night by one of the heaviest mid-winter storms which has been seen on the northern coasts for years. It has already done millions of dollars damage.

In Virginia the hurricane swept up Chesapeake Bay to the city of Norfolk, where many were marooned in their homes by one of the worst floods which ever struck the city. Homes were washed to sea by the tides and waves, aided by the high winds, and others collapsed on their foundations. It will be weeks before the damage can be repaired.

While the worst reports of storm damage extends from New York to Cape Hatteras the gale is sweeping the New England shores and heavy snows are reported.

Ocean View and Willoughby Beach summer resorts on Chesapeake Bay, about ten miles from Norfolk, have suffered damage that may reach $75,000. A channel has been cut by the waves, separating a large part of Willoughby Beach from the mainland. Concrete and pile bulkheads have been washed away, and cottages have been undermined by the score. Part of the roof of the amusement pavilion has been torn away by the wind, and the bathhouse and boat house have been wrecked by the waves.

Streets in the downtown section of Norfolk are flooded. Fuly 2,500 telephones are out of commision on account of flooded cablemains. The high tide makes it impossible to pump out the mains in order to get at the trouble.

With the James River beyond its banks business enterprise in the valley region of Richmond were forced to close down yesterday.

Water has reached the wards of the city gas works and the supply of that fuel is threatened. The Old Dominion Steamship Company wharves are under water, while the valley of the Gillies Creek is filled, the water reaching some of the homes of the negro residents and driving them to other parts.

When the storm ceased at Newport News yesterday it found untold damage to small boats and small piers in Hampton Roads and James River. The heaviest damage was on the extreme lower end of the peninsula temporary barracks at Old Point and cottages at Buckroe Beach suffering heavily from the wind, waves and high tide.

KILLED IN FALL FROM PLANE

Los Angeles, Feb. 6.—Earl Burgess, a motion picture actor, was killed here yesterday when he fell 700 feet from an airplane on which he was performing in the making of a comedy.

Burgess was flying with Lieutenant Walter Hawkins, an aviator. The actor was to cast off a dummy from the plane. In attempting this he fell. The camera men and director thought the falling body was the dummy and continued photographing. They did not discover their mistake until they went to remove the supposed dummy from telephone wires, where it had alighted.

Burgess was a professional "stunt man" and had been employed in motion picture work for 10 years. He was said to have been the first man to make a successful parachute jump from an airplane.

PARALYZED BY GALE AND SNOW

Huge Waves Carry Destruction to Many Seaside Resorts

TRAFFIC IS BLOCKED

New York, Almost Isolated, Faces Fuel Famine and Transportation Tie-Up.

New York, Feb. 6.—Huge waves rolled up by a 50-mile gale were still sweeping the North Atlantic coast last night, while cities and towns along the shore were trying with different success to dig themselves out of the deepest snowdrifts of years. Damage done by the sea to resorts and summer homes along the New Jersey and Long Island coasts was estimated at hundreds of thousands of dollars.

Shipping remained at anchor or moved with the utmost caution. In the land-locked waterways around New York huge ice floes menaced navigation.

New York city yesterday was literally writhing in the grip of the worst sleet and snowstorm that has been experienced in several years.

Coney Island and Rockaway were in danger of complete inundation from the highest tide on record at those points. Thousand of dollars in damage has been done by the high sea, several large structures having been swept from their foundation and into the ocean. Bathhouses were tossed into heaps of ruins or carried away by the tide.

At Rockaway Beach two modern summer hotels, 30 bungalows, a 40-suite apartment house, bath houses and dozens of small structures were washed into the sea.

Several bathing pavilions were swept away at Coney Island and the first floor of the big Shelburne Hotel at Brighton Beach was flooded.

Boston, Feb. 6.—New England was battling last night with the worst blizzard in years. More than a foot of snow had fallen since early morning. A wind reached a velocity of 72 miles an hour at some points along the coast

EJECTED FROM HOTEL

New York, Feb. 6.—A jury in Justice Charles B. Sear's part of the Supreme Court yesterday returned a verdict for $2,000 against the management of the Hotel Biltmore in the $50,000 damage suit brought by Mrs. Robert W. Herwig for ejectment from the hotel June 27, 1918.

Mrs. Herwig had registered at the hotel several days before the arrival of her husband, Captain R. W. Herwig, a West Point graduate, who had been transferred from Fort Oglethorpe, Ga. The husband went to his wife's apartment at the hotel, they said, and later went to the theater. They returned to the apartment, and, it is alleged, were ejected at 3 o'clock in the morning, despite the fact that Mr. Herwig's brother-in-law, Commander Benjamin Dutton, of the Brooklyn Navy Yard, came to prove the identity of the couple when the management ordered them out.

PALESTINE DRIVE WEEK OF MARCH 4

To Restore and Prepare it For The Jews of The World

INHABITED BY ARABS

Much to be Done Before it is Ready —Big University Planned— Improvements in Jerusalem.

The week of March 4th has been selected for the drive in Virginia for the Palestine Restoration Fund Campaign. During this week teams in every city will be recruited to wage the drive that has for its object the establishment of a fund to restore Palestine and prepare it for the Jews of the world.

That the Holy Land will be under the mandate of the British government is the promise given to the world by A. J. Balfour and Lord Curzon, British foreign secretary, who made this statement in November of last year. The Country is at the present tenanted by Arabs who have willingly agreed to the influx of Jews to re-inhabit the country, work the land and inhabit the various cities.

There is a great deal to be done to Palestine before it will be ready to harbor the people. The land must be purchased, and vast economic projects must be completed to receive the thousands from Eastern Europe who are ready and willing to leave the program-ridden countries and seek shelter and solace in the Holy Land, in fact the greatest problem at the present time is to prevent the influx of Jews into the land before it is ready to receive them.

Water cinservation, the development of water power, sanitation and drainage in the large cities, irrigation, afforestation, survey and development of natural resources and the establishment of technical laboratories are included in this program; then too, vast sums will be needed for the maintenance and development of work already launched in Palestine This includes a school system ranging from a kindergarten to a university, loans to agricultural and industrial organizations, rehabilitation of the Jewish colonies devastated during the war, and anti-malaria campaign, and improvements to the housing condition in Jerusalem and Jaffa and other cities.

The naming of committees in every city of the state will begin at once and the program during the week will include a number of luncheons at which time prominent speakers who have traversed Europe in the movement will give first-hand accounts of conditions together with vivid word pictures by orators who have been to the Holy Land and who are prepared to tell just what the conditions are there and what the fund will bring about.

STORM HITS OCEAN CITY

No Structure in the Town Escapes Damage—Sea Breaks Over Into Sinepuxent Bay

Ocean City, Md., Feb. 6.—The worst storm in the history of this place is now raging. For the first time in knowledge of anybody here, the ocean has rolled over the sand strip on which the town is built into Sinepuxent Bay. There is no building that has escaped damage from the beating of waves. E. M. Scott, Mayor of the town, estimates the property loss at $300,000.

Loss of life was only prevented by the life guards stationed here under Capt. William I. Turnall. The guards have been on the alert night and day since Sunday, when the storm began, and since yesterday afternoon have been constantly taking persons from houses destroyed by wind and the beating of the waves.

ALL HAIL OLD SOL!

A passage somewhere in "Bleak House" reads: "And it snowed, and it snowed, and it never left off snowing." Dickens places the scene in the London law courts on a dismal winter day after the sun had been hidden for several consecutive days. These words were brought home to students of the novelist during the past three days. It seemed that there was to be no let up in the blizzard which has raged practically day and night most of this week.

The northeast wind moaned and at times came in heavy flaws hereabouts last night, while snow and hail continued to fall. People huddled around stoves and but few dared face the elements by appearing on the streets.

While conditions in Alexandria were rendered uncomfortable by the wind, snow, rain, hail and sleet, we were not passing through ordeals in evidence elsewhere. The wind did not assume dangerous force, as it did in other places, smashing the glass in show windows, nor blowing down houses, nor were we called upon to combat floods, as was the case in Norfolk, Newport News and Richmond.

Relief from the Middle and North Atlantic States from the sleet and snow storms, was not in sight last night.

More snow today was forecast by the Weather Bureau for the entire Atlantic seaboard north of Virginia. The snow, it was thought would continue tonight and as for the weather beyond, that time forecasters would make no prediction in view of the unusual nature and extraordinary magnitude of the storm. High winds were expected today all along the seaboard today.

Observers at the Weather Bureau were trying to find the center of the storm area. The low point in barometer readings was reported from Atlantic City, but severe storms on either side of that city were believed to indicate that the disturbance was dividing, but not decreasing in intensity as is usual when a division occurs.

Notwithstanding the above gloomy forecast, Old Sol reappeared this morning, to the delight of all.

Are You A Target For Influenza?

It Hits Listless, Run-Down People First—Their Blood is Thin

Germs Everywhere in Epidemic

Be Prepared—Strengthen and Build Up Your Blood with Pepto-Mangan

If it is true that you are not feeling your best—if you have that "always tired" feeling and no interest or enthusiasm—then you should be careful of the influenza.

It is thin-blooded, anemic people that disease strikes first. The fact that you have had a very few serious illnesses has nothing to do with it. Everyone gets run-down occasionally and when they do, the blood is in no condition to fight off disease germs because it has not enough red corpuscles in it. It is the red corpuscles of the blood that fight disease and save you from sickness.

You simply can't afford to take chances when influenza is striking down thousands everywhere. Fortify your blood—build it up with the pleasant tonic, Pepto-Mangan.

And should you be just recovering from influenza, you need Pepto-Mangan because your blood has exhausted its strength. Pepto-Mangan will help build you up.

Pepto-Mangan is widely and heartily endorsed by physicians. It is effective and easy to take. Comes in either liquid or table form. No difference in medicinal properties.

Sold at any drug store. But be sure you get the genuine Pepto-Mangan—"Gude's." Ask for it by the name and be sure the full name is on the package.

Uncle Sam Makes Real Men And 'Good Fellows'

The U. S. Marine Corps Turns Out "Two-Fisted" Chaps Who Can Use Their Heads; Gives Plenty of Travel, Adventure and Excitement.

Corporal, what are your ribbons for?
Tell me what each of 'em means.
One I got in the Spanish War,
And one in the Philippines.
One I got in the Boxer brush
For makin' the Chinks be good.
And one for helpin' to block the Boch
In bloody old Belleau Wood.

Corporal, if I should join your corps
O what would it do for me?
You'd learn "to range this wide world o'er"
By sky and by earth and sea—
To be at home in lands that lie
Where the East and West World meet;
To front the best man, eye to eye,
And stand on your own two feet.

O Corporal, tell me, straight, what kind
Of a man the Marine Corps makes
The sort of chap you're glad to find
At your side when a rough house breaks—
The sort of a chap who can crack a joke
And laugh when the sky looks black
The kind who'll share his last lon smoke
Or give you the shirt off his back

Have you ever seen a Marine swinging by, and envied him his carriage, the breadth of the shoulders and the depth of the chest under his well-fitting uniform? Is it any wonder the girls have a soft spot in their hearts for these "soldiers of the sea"?

That Marine didn't just happen to be the husky lad he is. He is merely a walking example of what the Marine Corps can do for the ordinary healthy man. Maybe when he came in to the service he was a little stoop shouldered, didn't have much "pep". Maybe he was working at a job he didn't care for, didn't have anybody to "pal around with."

The Marine Corps is a body of men carefully trained to use both hands both feet and their heads. They are the sort of men who can take Vera Cruz or form a guard of honor for the Prince of Wales, and do both jobs shipshape. They are blood brothers to the French Foreign Legion, the Pennsylvania State Constabulary, the Canadian Mounted Police and the Texas Rangers. They are princes of good fellows, and they're wildcats when they're rifled.

No man does his best work unless he likes his job. And no man can do good work without plenty of recreation. It is upon these two principles that Marine Corps training is based.

The Marine must be something of a sailor and everything of a soldier. So he is always learning something new and intensely interesting. In addition to taking on quite a bit of seamanship, he learns to hike like an infantryman, ride like a cavalryman. He knows something of wireless telegraphy and mechanics.

In fact, when he comes out of the Marine Corps there are all sorts of big-paying civilian jobs that are waiting for a man who can do so many different kinds of things and do them well.

To keep a man fit there is nothing like athletic sports, and all Marines are encouraged to go in for boxing, football, baseball and swimming. Competent coaches and trainers are provided and every facility for a man to indulge in the form of sport that most appeals to him.

Good Fellowship of the Corps.

A life of travel, adventure and out door work would naturally attract the man who has the makings of a "good fellow" in him. And nowhere do you find more "good fellows" than in the Marine Corps. If ever you have seen a bunch of Marines in their off hours in barracks, or out for a time in any of our large cities, or sightseeing in foreign ports, there is no need to tell you anything about that side of a Marine's existence.

And as for his chances of seeing the world—there is hardly a country on earth where Marines are not stationed at present. They are in Haiti and the Philippines. They are in London, Paris and in China. No big warship sets sail for foreign ports without a detachment of Marines aboard.

Any healthy young man who would like to learn a well-paying trade, and at the same time build himself up physically and see the world, should investigate the U. S. Marine Corps. Don't hesitate to call at the Marine Recruiting Office. You will not be urged to enlist, but you WILL be told THE TRUTH about the service. Send for booklet. U. S. Marine Corps Recruiting Office, 418 Ninth Street, N. W., Washington, D. C.

BAD BREATH

Dr. Edwards' Olive Tablets Get at the Cause and Remove It

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work.

People afflicted with bad breath find quick relief through Dr. Edwards' Olive Tablets. The pleasant, sugar-coated tablets are taken for bad breath by all who know them.

Dr. Edwards' Olive Tablets act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood and gently purifying the entire system. They do that which dangerous calomel does without any of the bad after effects.

All the benefits of nasty, sickening, griping cathartics are derived from Dr. Edwards' Olive Tablets without griping, pain or any disagreeable effects.

Dr. F. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowel and liver complaint, with the attendant bad breath.

Olive Tablets are purely a vegetable compound mixed with olive oil; you will know them by their olive color. Take one or two every night for a week and note the effect. 10c and 25c.

Mother's Joy Salve is harmless and soothing, and can be applied to the tenderest baby skin without irritating effects. Thousands of users testify that it never fails to relieve congestion and croup.

Keep a jar on hand for emergencies. Doctors and nurses recommend it. Good dealers sell it.

DODSON SOUNDS CALOMEL' DOOM

The 'Liver Tone' Man Warns Folks Against the Sickening, Salivating Drug

Ugh! Calomel makes you sick. It's horrible! Take a dose of the dangerous drug tonight and tomorrow you lose a day.

Calomel is mercury! When it comes into contact with sour bile, it crashes into it, breaking it up. Then is when you feel that awful nausea and cramping. If you are sluggish, if liver is torpid and bowels constipated or you have headache, dizziness, coated tongue, if breath is bad or stomach sour, just try a spoonful of harmless Dodson's Liver Tone tonight.

Here's my guarantee—Go to any drug store and get a bottle of Dodson's Liver Tone for a few cents. Take a spoonful and if it doesn't straighten you right up and make you feel fine and vigorous, go back to the store and get your money. Dodson's Liver Tone is destroying the sale of calomel because it can not salivate or make you sick.

LOOT IN FALSE LIMB

One-Legged Denver Mint Worker Steals Gold Worth $100,000

Denver, Col., Feb. 5.—Orville Harrington, 41, skilled worker in the Denver Mint, was arrested early yesterday by Roland K. Goddard, chief of the local branch of the Federal Secret Service, on a charge of having robbed Denver Mint of gold bullion value at more than $100,000. A search of Harrington's home revealed the gold bars buried and hidden in various parts of the premises, and all of it was recovered, according to Goddard.

Harrington, according to the officers, carried the bars out of the mint concealed in a hollow false limb which he wore. Because of the unusual means taken to get the gold out of the mint, the officers were unable to locate the source of the thefts for several days.

Harrington was taken into custody as he was coming off shift, a search of his person disclosing a $1,400 bar of gold hidden in the false leg.

Your Catarrh May Lead To Consumption

Dangerous to Use Treatment For Only Temporary Relief

There is a more serious stage of Catarrh than the annoyance caused by the stopped-up air passages, and other distasteful features.

The real danger comes from the tendency of the disease to continue its course downward until the lungs become affected, and then dreaded consumption is on your path. Your own experience has taught you that the disease cannot be cured by sprays, inhalers, atomizers, jellies and other local applications.

S. S. S. has proven a most satisfactory remedy for Catarrh because it goes direct to its source, and removes the germs of the disease from the blood. VIRGINIA NEWS

Southern Virginia for the past 24 hours has been in the grip of the most severe snow storm in 21 years. Many public utilities have been badly crippled and some towns in the Luray section have been forced into darkness. The Shenandoah River and all other stream are out of their banks. Rural mail service has been practically halted by drifted roads.

Rain and snow of the last few days have caused a freshet in all the streams and the Appomattox River is higher than it has been for a number of years. Last night the water was rising. Many mills, supplied with power from the river have been forced to temporarily suspend operations. In neighboring counties many bridges have been washed away, all lowlands are submerged.

The Rev. William G. Pendleton, rector of St. James' Episcopal Church, Warrenton, since December, 1913, head of the local troop of Boy Scouts and instructor at Stuyvesant School, has accepted a call to succeed Dr. Robert J. Jett, bishop of the diocese of Southwestern Virginia, as principal of the Virginia Episcopal School at Lynchburg. Mr. Pendleton went to Warrenton to succeed the Rev. Edwin S. Hinds, who was called to St. Louis from Eastville, Va. During Mr. Pendleton's rectorship a handsome new rectory was built for St. James Church.

TO HANG TUESDAY

Charles Ross Webster, 44 years old, convicted of the murder of Richard Duvall, 15, in woods near Brookland last spring will pay the death penalty at the District jail Tuesday.

Webster, an employe of Trinty College, Brookland, last November, was found guilty of the murder. The boy was robbed of $29, which was concealed in his shoe, after the slaying. The sentence has not been appealed, nor has a Presidential commutation of sentence been applied for.

RICHMOND THEATRE

Anita Stewart is especially fitted for her part in "Mind the Paint Girl" a First National Picture which will be shown at the Richmond Theatre today and tomorrow.

The story is almost entirely built around stage life and Miss Stewart has spent a large part of her life in a theatrical atmosphere. Consequently she knows it thoroughly. The part she takes in this picture is practically acting her own life.

Ambitious to quit her sordid surroundings for the better things in life, a shop girl, tries the chorus—through the accidental spilling of a bucket of paint she gets an inspiration—a song "Mind the Paint" is written for her and she springs to fame. With the world at her feet, two men, a nobleman and a captain, battle for her love. There is a surprise in the way it turns out that will interest you. Prices 15 and 25 afternoon and 20 and 30 at night.
